**A Memo to Your Top Management Team: #4 “\$10 Per Hour Coach”**

You know the best possible process training for any process worker is having a good Coach or Tutor work with the process worker until the worker has mastered the process.

But, Coaches and Tutors, good ones that is, are very rare and expensive.

So, an interesting question is: **“How could you hire a really good Coach or Tutor for your process workers for less than \$10 per hour?”**

**Yes, I know, it sounds impossible.**

**Until very recently with the advent of some new technologies, IT WAS!**

Fortunately, TODAY Brain Cable can work with you to create and deliver Process Training that is even more effective than human coaches.

And, it can cost less than \$10 per hour.

Your best process engineers work with Brain Cable to teach your process workers how to perform the process in the most efficient optimal manner, reliably all the time.

Also, Brain Cable also will enable you to test them to avoid expensive process errors.

Brain Cable wants to partner with you for both of our sakes.

Please accept our Invitation below to learn all about it via our Executive Briefing.
